Department Divisions

Administration

Sections: Commissioner, Deputy Commissioner, General Counsel to the Commissioner, Director of Operations.

The four main components of this Division assist in overseeing the entire agency.

Audit

Sections: Audit Billing/Inquiries, Audit Review, Audit Selection, Operations, Travel and Supplies, Special Tax, Field Auditing and Taxpayer Services in District Offices.

This Division promotes voluntary compliance throughout the state and the country in all Indiana tax areas through quality examinations. It is also responsible for the Department's 11 District Offices, which are located throughout Indiana.

Collections

Sections: Correspondence, Billings/Agent, Phone Pursuit, Title/Licensing.

This Division provides centralized management in the collection of delinquent tax liabilities.

Compliance

Sections: Aeronautics, Bankruptcy/Responsible Officer, Charity Gaming/Not-For-Profit Organizations, Individual/Withholding, Strategic and Utility/Refund.

This Division researches, develops, tests and implements various projects that identify non-filing, noncomplying taxpayers for corporate, individual, sales/use, food and beverage, county innkeepers, fuel and withholding taxes. All information for filing registration of not-for-profit organizations is conducted by this Division, as well as the approval and issuance of all charity gaming licenses (e.g. raffles, bingo, door prizes, pull-tabs and punch boards). Records are researched for bankrupt individuals and businesses to identify tax liabilities for the purpose of submitting "proof of claims" to the bankruptcy courts. Outreach through educational seminars and projects and programs are conducted in an effort to promote "voluntary" compliance by Indiana taxpayers.

Controller

Sections: Budget Analyst, Business Administration, Accounting/Counties, Electronic Funds Transfer (EFT), Cigarette Tax and Other Tobacco Products, Mail Services.

This Division handles budgeting and purchasing for the Department under the guidance of the Controller. Other responsibilities include depositing of tax revenues, preparing appropriate reports and conducting all related banking functions. The Controller's Office administers those taxes collected by the state and returned to the county of origin. This Division also handles the inventory and sale of cigarette tax stamps.

Criminal Investigation

Sections: Case and Data Management, Charity Gaming Enforcement, Controlled Substance Excise Tax, Employment Agency Licensing, Internal Affairs, Motor Fuel Tax Evasion, Motor Vehicle Excise Tax, and Operations and Investigations.

The Division's primary mission is to detect fraud and prosecute tax evaders. It is responsible for conducting investigations into alleged violations of Indiana tax laws and determining civil liabilities or presenting evidence for criminal prosecution in an effort to increase voluntary compliance.

The majority of these investigations involve the collection and failures to remit trust taxes. The Division also monitors charity gaming operations throughout the state and works in conjunction with the Indiana State Police to monitor the unlawful use of dyed fuel on the highways. The Division also cooperates with prosecuting attorneys throughout the state in assessing the controlled substance excise tax on those illegally possessing certain drugs and monitors and enforces the collection of the Motor Vehicle Excise Tax from Hoosiers who plate their vehicles outside Indiana. This money is returned to the county where the taxpayer legally resides. The Department also conducts background investigations on all employment prospects and investigates alleged employee wrongdoing.

Information Technology

Sections: Administrative Services, Operations, Systems & Programming, Technical Support.

This Division supports the Department's efforts and goals by creating and administering computerized tax processing systems for the other divisions of the Department. This Division operates with a goal of providing tax processing systems that are increasingly easier to use; constantly improving efficiency and service to the taxpayer; and maintaining secure and confidential records.

Legal

Sections: Appeals, Litigation, Inheritance Tax, Fiduciary Income Tax, and Protest Review.

This Division includes the Department's legal staff, which oversees the appeals process from an original tax protest to the Indiana Tax Court. This Division also contains the Inheritance Tax Section, which collects tax on all taxable transfers of property resulting from the death of an Indiana resident, or a nonresident decedent, with real or tangible personal property located in Indiana.

Motor Carrier Services

Sections: Customer Service Center, Motor Carrier Road and Fuel Use Taxes, International Vehicle Registration Plan, Safety & Insurance Registrations, Commercial Driver's Licensing, Oversized & Overweight Vehicle Permitting, Accounting & Fund Distribution.

This division provides all of the above tax and registration services to the motor carrier community. We also collect and distribute revenue to other states and Canadian provinces in accordance with international agreements. Equally important is our effort to work in partnership with the Federal Motor Carrier Safety Administration and other stakeholders to promote and increase safe highway operations, resulting in fewer commercial carrier accidents and fatalities.

The Motor Carrier Services Division operates under one administration and one "roof". It is located at the AmeriPlex Office Park on the southwest side of Indianapolis, offering a "One-Stop-Shop" for the trucking community.

Office of the Taxpayer Advocate

Sections: Taxpayer Advocate and staff.

The Office of the Taxpayer Advocate is designed to address complex and special tax problems. The primary goal is to correct exceptional tax problems. The secondary goal is to identify and restructure departmental processes and procedures which may have created or contributed to legitimate problems. A taxpayer's problem is considered exceptional if 1) attempts at resolution through normal departmental channels have been unsuccessful; or, 2) an ongoing, continual problem exists with the filing of tax returns; or, 3) continual assessments result from systematic processing problems.
